AI Summary & Change Log

AI-Generated Summary Report:

There were many changes made to the building drawing. Some new pillars or columns were added to the upper and lower parts of the drawing. Windows were also added to the upper part of the drawing. Some changes were made to the roof, with new parts added to the upper part of the drawing. There were also some changes made to the middle part of the drawing, but these changes are not very clear and might be different.

Some parts of the drawing, like pillars or columns, and some text or notes, were possibly changed, but we are not really sure because the changes are not very clear. All of these changes were made to the new version of the drawing, and they can be seen when we compare it to the old version.
